

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only expensive, but it involves separation from home and friends. Some are benefited, but few can safely return. Eckman's Alternative is effective for home treatment. For example: 233 S. Atlantic Ave., Haddonfield, N. J. "Gentlemen: In the fall of 1905 I contracted a very severe cold, which settled on my lungs. At last I began to raise spittle, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alternative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my recovery has been effected, and I cannot praise Eckman's Alternative too highly. I have recommended it with excellent results." (Signed) W. M. TATEM. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in rebuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists. Red Cross Pharmacy, Barre, Vt.

EAST BARRE

Silver Wedding Anniversary of Mr. and Mrs. Cooney an Enjoyable Affair.

At the silver wedding reception of Mr. and Mrs. Clarence S. Cooney, which was given in the East Barre opera house Wednesday evening, July 2, the grand march was led by Mr. and Mrs. Cooney and after several dances the following program was given: Instrumental duet, Carter and Emma Downing; solo, Miley Paton; instrumental duet, Mrs. Dickey and Mrs. Paton; recitation, Lillian Avery; instrumental duet, Carter and Emma Downing; vocal duet, the Lawson sisters. A purse of money was presented to Mr. and Mrs. Cooney by George L. Bates, a brother of Mrs. Cooney, which was given by the many friends present and some who were not able to come.

In his remarks, Mr. Bates made reference to the evident surprise which the occasion was to Mr. and Mrs. Cooney, as evidenced when he called at their home to inform them they were wanted elsewhere. Responses were made by both Mr. and Mrs. Cooney, expressing their gratitude to their friends, not only for the financial part but, beyond that, for the good will and esteem which their kindness and presence manifested and which was prized beyond words.

Refreshments of ice cream and cake were served. Several pieces of silver awaited the couple at their home, coming from the children and immediate friends. Later a check of \$5 was received from a sister and family of Mr. Cooney in Massachusetts. Dancing was enjoyed until 2 o'clock. Music for the occasion was furnished by Harris' orchestra of Barre City, which was also prospectively engaged for a similar time 25 years hence. Providence permitting, some 200 or more guests were present and participated in the enjoyment of the occasion.

WHY SUFFER

MONTPELIER

Hadley Holding Co. of Rutland and Saxtons River Inn Co. Are Incorporated.

Dawley Gould, son of Louis Gould, talked with Arthur Lariviey, the missing 15-year-old bridegroom, in Burlington, yesterday, and upon his return here and reporting Mr. and Mrs. Lariviey, and the 14-year-old bride left at once for the Queen city, hoping to locate him. At the time Gould saw Lariviey he did not know of his leaving his wife. A double celebration was held last evening at the home of Mrs. Eliza Crosssett in honor of Mrs. Crosssett's sixtieth birthday anniversary and the return of her daughter and husband, Mr. and Mrs. Carl Perry, from their wedding trip. Over seventy-five persons were present and a delightful evening was spent.

Following the disclosure of William Doherty, in court yesterday on charges of intoxication, Peter Fountain was arrested, charged with furnishing. When examined, he testified that he purchased his liquor of Mrs. Eudora Ortiz of Barre street and she was also arrested. A search of their home revealed 14 bottles of "Private Stock," which were brought into the court room as evidence against her, but the case was continued, owing to the failure of her husband to appear and act as interpreter. George Cleveland McGoon, in court charged with breaking the peace in striking Margaret Calton at East Montpelier, was released in \$100, pending an investigation of the circumstances.

Two new companies have filed articles of association with the secretary of state, the Hadley Holding Co. of Rutland and the Saxtons River Inn Co. The Hadley Holding Co. will conduct a general mining and lumbering business in Rutland county. The signers are John A. Meade of Rutland, Carl B. Hinsman of Rutland and John L. Lewis of North Troy. Mr. Lewis is president and Mr. Hinsman, secretary. The capital stock is \$5,000. The stockholders of the Saxtons River Inn Co. are Harry L. Bowles of Springfield, Mass., E. L. Walker of Bellows Falls and from Saxtons River, M. H. Kimball, W. B. Glynn, F. S. Fuller, J. E. Peddon, F. L. Osgood and J. F. Alexander. They are to run a hotel in Rockingham. The capital stock is \$10,000.

In settlement for the fire damage in the Rock livery stable, A. S. Sparrow has received from the insurance companies \$1,800 on the barn and \$426.65 on the personal property in the hotel, which was damaged by smoke.

The \$5,000 bequest of Charles D. Sias to Montpelier seminary is to be used as a nucleus of a scholarship fund, which will aid worthy students who may need financial assistance.

A five-course progressive dinner was given at the homes of Misses Sybil Emery, Marion Willey, Beatrice Pine, Blanche Darling and Mildred Merrill last evening in honor of Miss Beatrice Atherton of Waterbury, whose marriage to Dr. Earl Albert Boyce of Waterbury is to take place at Waterbury soon. At the home of Miss Merrill, Miss Atherton was given a linen shower.

PENNSYLVANIA HAS COKE RECORD

Output in 1912 Was Over 27,000,000 Tons; More Than That of All the Other States Combined.

Pennsylvania stands pre-eminent among the states in the production of coal and in the manufacture of coke. The quantity of coke produced in the state in 1912 was 27,273,108 short tons, valued at \$36,054,478, against 21,923,935 tons, valued at \$43,053,267, in 1911, according to Edward W. Parker of the United States geological survey. The increase in 1912, compared with 1911, was 5,448,083 short tons, or 24.85 per cent., in quantity, and \$13,001,111, or 30.2 per cent., in value. The quantity of coke made in 1912 was the largest on record, exceeding the previous maximum of 26,513,214 tons in 1907 by 858,894 short tons, but falling behind the earlier year in value by \$11,283,446.

As a producer of coke, Pennsylvania is relatively of greater importance than as a producer of coal, for whereas, including the production of anthracite, Pennsylvania contributes less than half the entire output of coal in the United States, nearly two-thirds the total production of coke is made within that state. Pennsylvania has, however, not progressed as fast as some other states in the matter of conserving the by-products of coke making. All but a very small quantity of the state's coke is made in beehive ovens or in rectangular ovens in which the process is one of partial combustion, as in the beehive ovens, and without recovery of by-products or utilization of the heat generated in the coking process.
